Part description: \_\_\_\_\_

Purchase date: \_\_\_\_\_

### Reason for replacement

Please explain the reasoning for replacement below:

---

---

---

- Warranty claim form must be completed and emailed to: [Len@lubengo.com](mailto:Len@lubengo.com)
- Mobile Lube will inspect the product being returned and replace if found to be defective. (New replacement parts or products will not be shipped out until the item returned is inspected)
- Defective equipment/products will be shipped via standard ground postal service.
- At the expense of the customer defective equipment/products can be shipped over night.
- Tanks do not need to be shipped for inspection to our location if you are **out of the State of Florida**. MLE will recommend a licensed welder in your State to inspect any tanks that have a claim or complaint.
- If MLE finds that the part, or product had been damaged by misuse, neglect, accidental damage, we will refuse your claim/complaint.
